FOREWORD

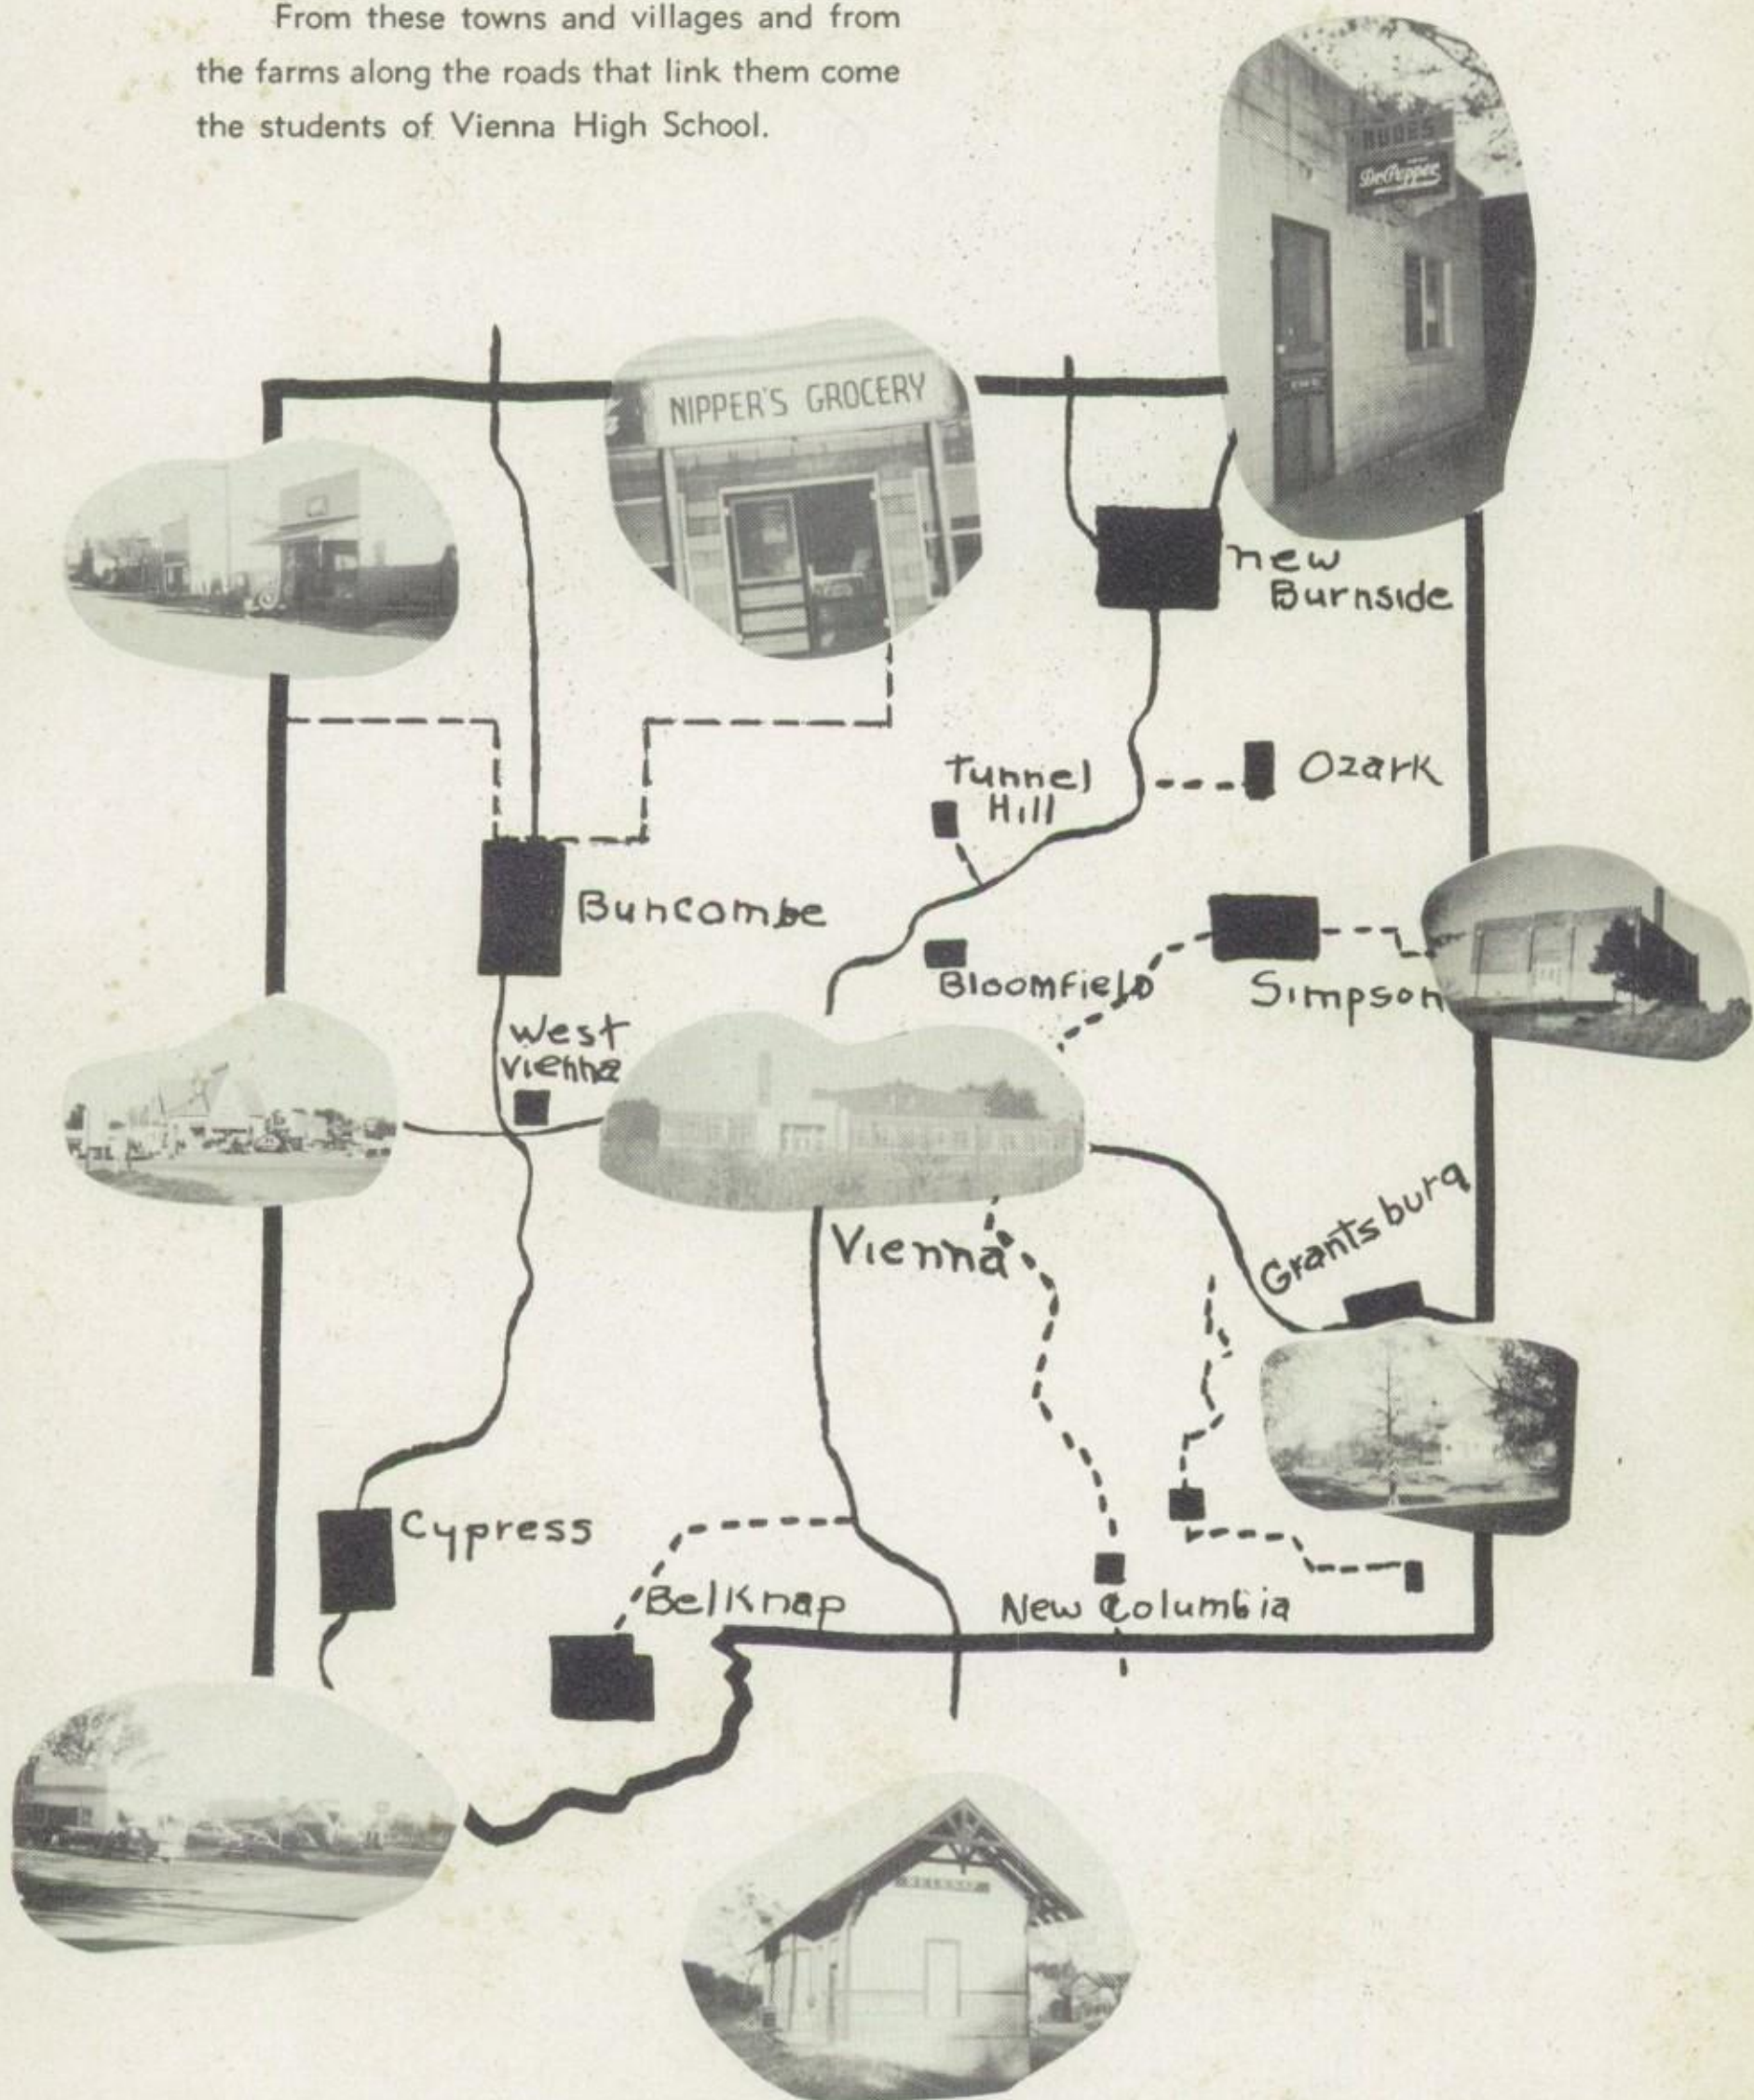

When these Seniors were Freshmen "the new building" was only a dream. But in the fall of 1946 the dream began to take concrete form. Then in the chilly spring weather of 1947 the men and women of Johnson County gathered on Lincoln's Birthday to vote on bonds for the purpose of erecting an addition to Vienna High School. That the bonds **were** voted—easily—is a tribute to the real interest which the people of Johnson County have in the educational opportunities of their children.

Months passed while blue prints were drawn and finally the bids on construction were taken and opened. The weeks that followed were full of disappointment for prices had sky-rocketed and much of the original plan had to be altered. The auditorium, shops and bus garage had to be sacrificed, as did additional gymnasium space, before the plans could be whittled down sufficiently to meet the funds on hand. At last the final blue prints were complete and once again bids were taken. The Rust Construction Company of Belleville, Illinois, was awarded the contract and in October, 1948, ground was broken and actual construction began. The year of 1948-1949 was a difficult one but school went on over and around the activities of workmen.

This year those Freshmen of 1946 graduate from the completed building. The classes which follow will take the lockers, the cafeteria, the spacious halls and pleasant class rooms of "the new building" for granted but the Class of '50 will always feel that "the new building" is somehow peculiarly their own, and so the **Illianna** of 1950 attempts to tell the story of the community and the men, the faculty and the student body who planned and worked for and now work and study in "the new building".

THIS IS THE COMMUNITY

From these towns and villages and from the farms along the roads that link them come the students of Vienna High School.

B. W. Hunsaker, Principal

These are the men—the men on the school board and the principal—the men who planned, figured, and worked toward “the new building”. There were many nights that lights burned until all hours while Mr. Hunsaker and the board labored over the many problems that arose concerning “the new building”.

But they are more than eight individuals. They represent the entire community whose money and interest were bound up in the venture—the merchants, professional men, and the farmers. Here are the jobs that represent school district 13-3.

THESE ARE

The late Mr. F. E. Worrell was president of the school board when the plans for “the new building” were begun. Even though his health was bad he worked as hard as any one individual toward the final goal of the building and though he was unable to see its completion, it is nevertheless, in part at least, a memorial to his life-long interest in the improvement of educational opportunities for the children of Johnson County.

Mr. Leslie Hogshead, President. Mr. Hogshead is the owner and proprietor of the Hogshead Feed and Produce Store in Vienna. He resides in Vienna.

Dr. Earl A. Veach. Dr. Veach is a practicing physician in Johnson County and the surrounding area. He resides in Vienna.

Mr. Hal W. Johns. Mr. Johns is the station agent for the New York Central Railroad in New Burnside. He resides in New Burnside.

Mr. Otis McHenry is a part-owner of a general store in Buncombe. He resides in Buncombe.

THE MEN

Mr. William H. Beauman. Mr. Beauman owns and operates the Top 'O the World Orchards south of Tunnel Hill. He resides near Tunnel Hill.

Mr. W. E. Smith. Mr. Smith is the owner and proprietor of Smith's Hardware Store in Vienna. He resides in Vienna.

Mr. Clifford Veach. Mr. Veach is the Gulf Oil distributor for this area. He also raises beef cattle on his farm at West Vienna. He resides in Vienna.

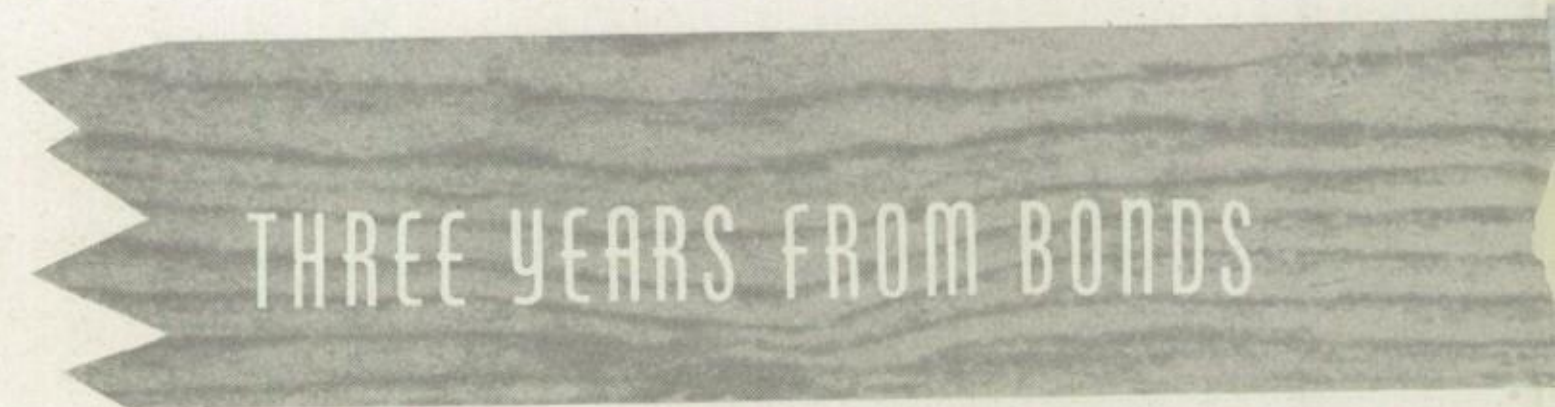

REMEMBER . . .

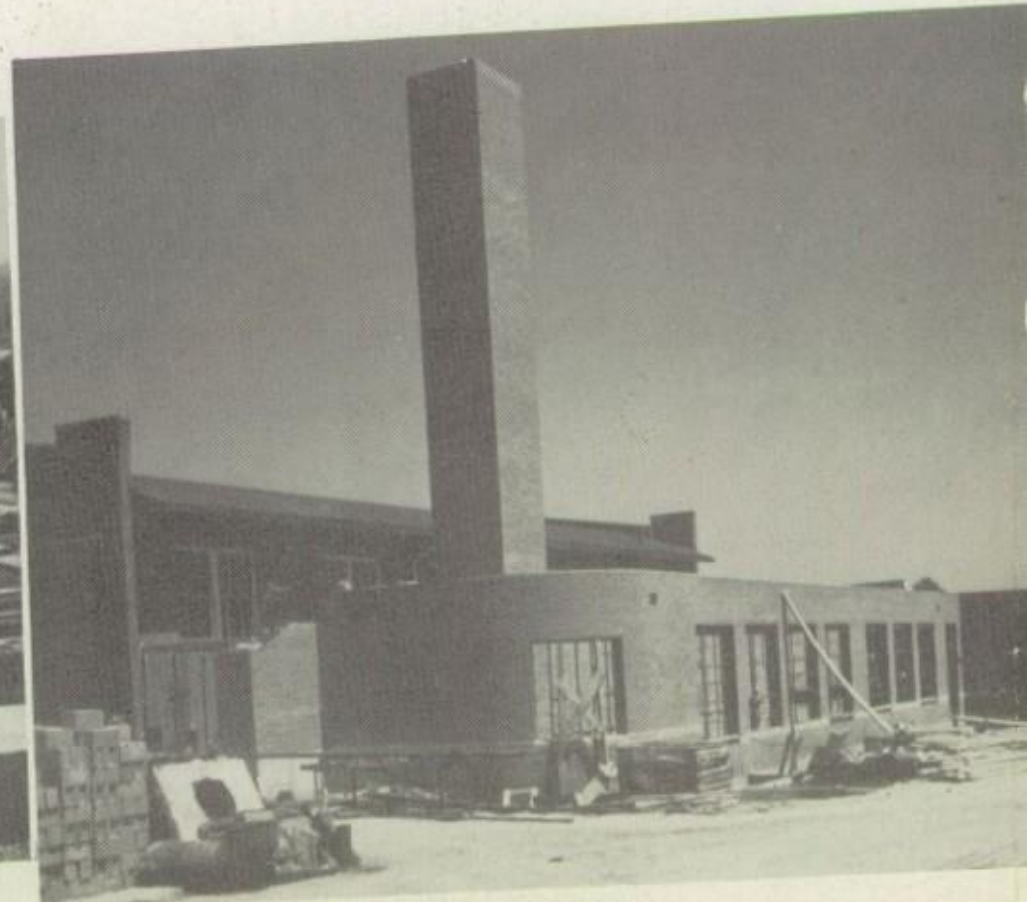

. . . . the day they broke ground for the foundation?

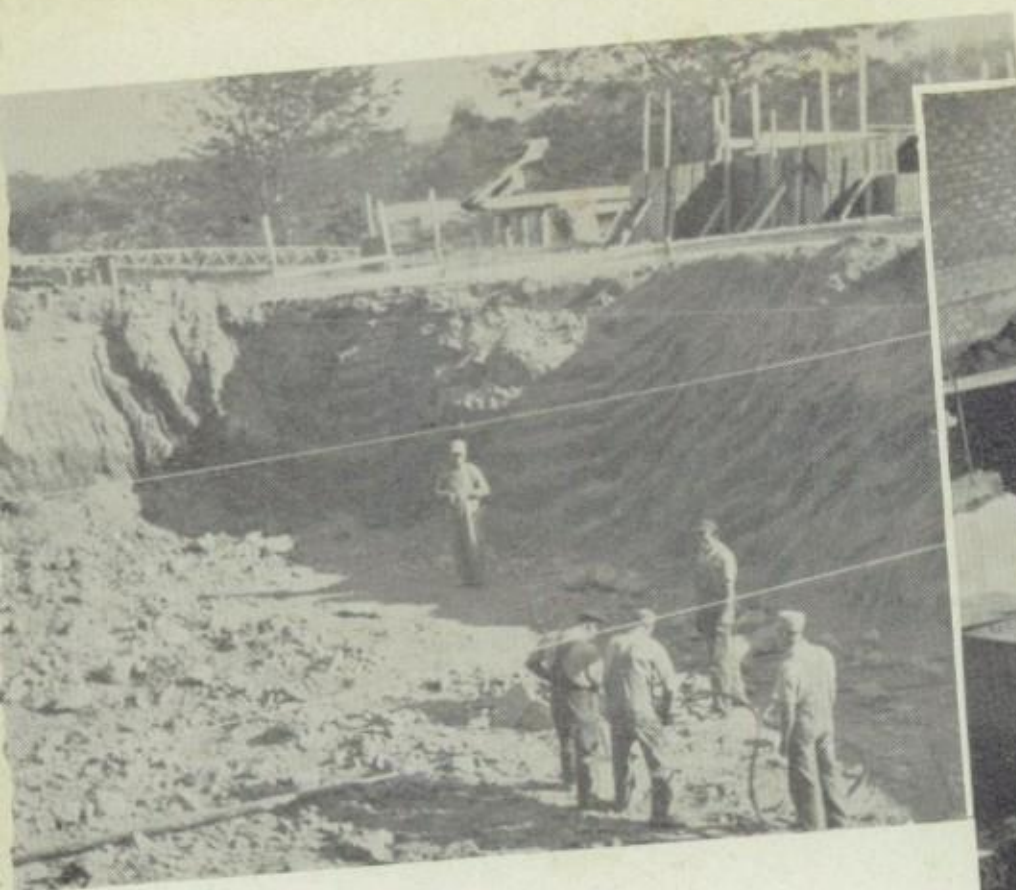

. . . . the parade we had to thank the voters for the new building?

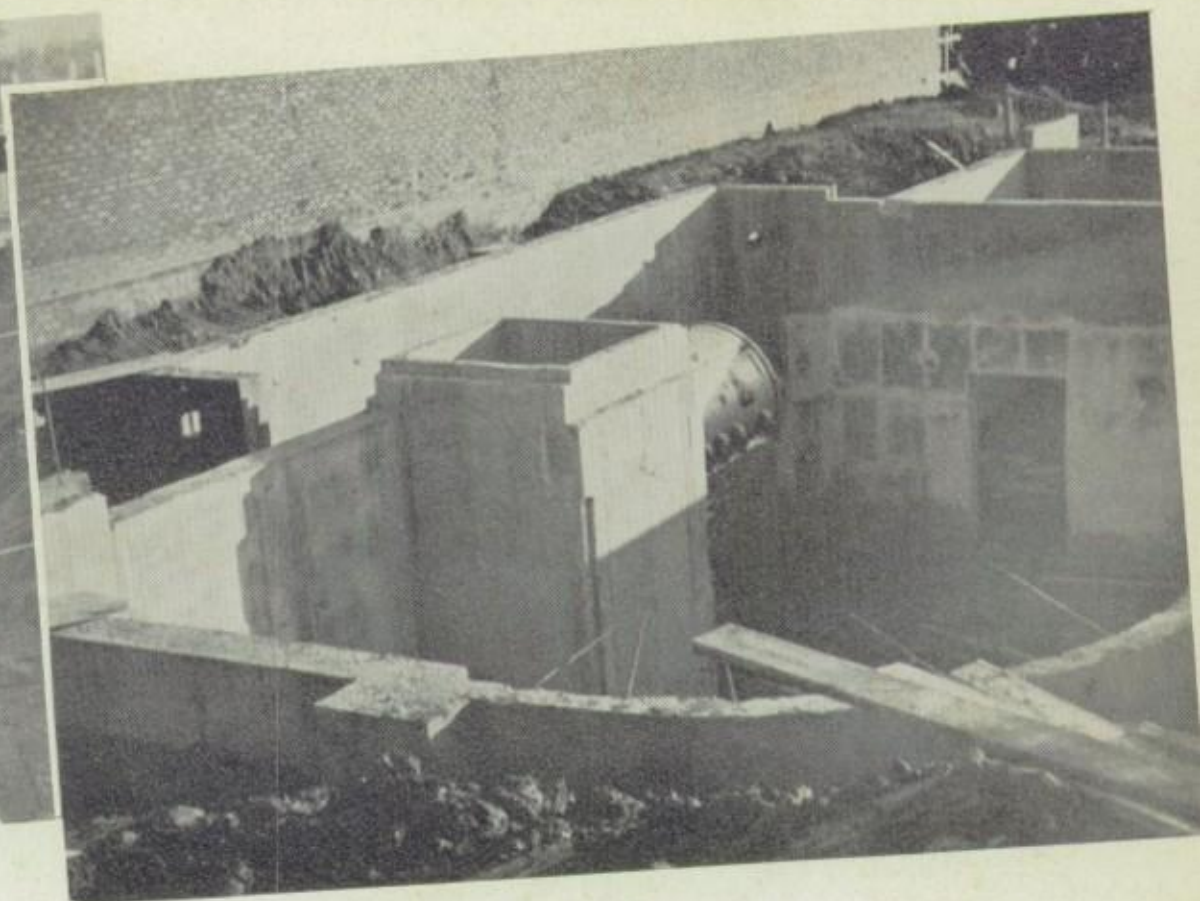

. . . . the steel floor joists and trying to figure out where everything would be?

. . . . the bricks and chimney going up at last?

... the "big hole"? At last it looked as though we would have a new building.

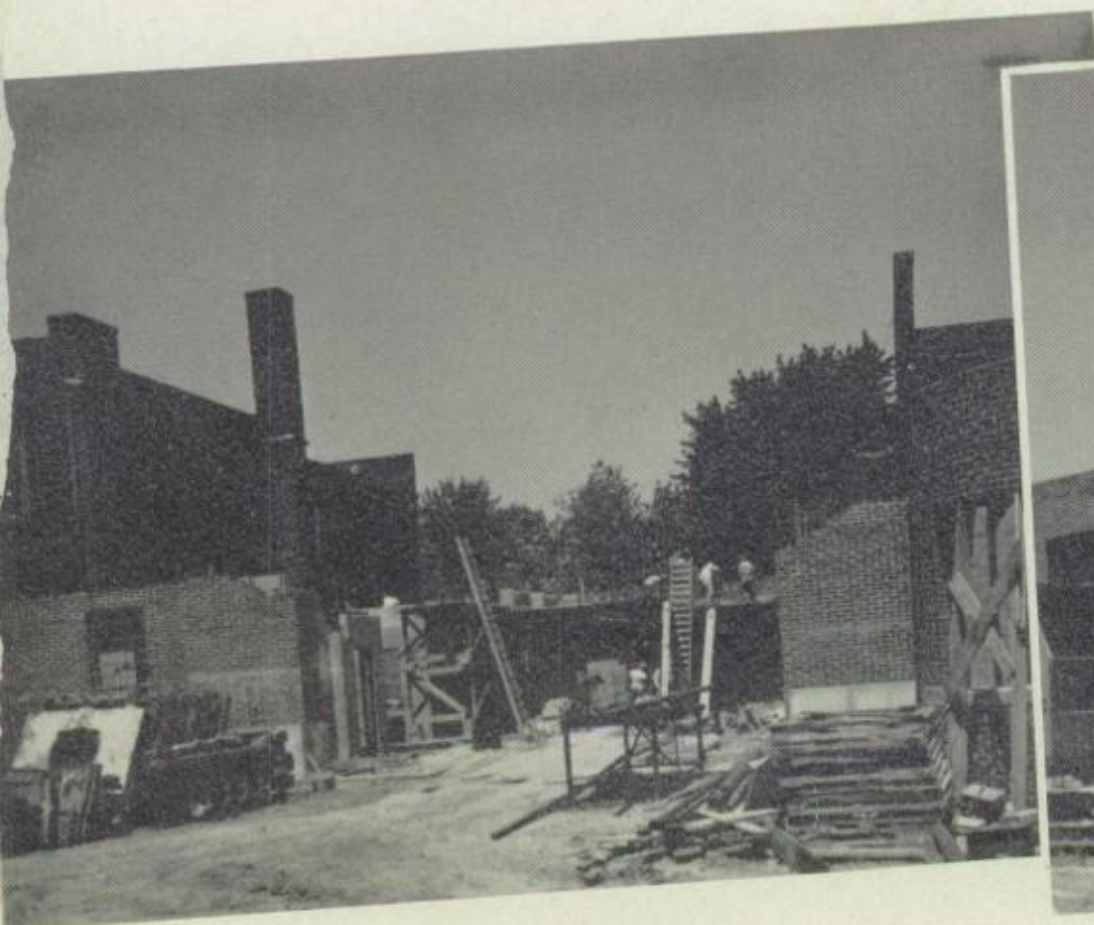

.... when the foundation of the basement was finished and the boiler was installed?

TO BRICK AND STONE

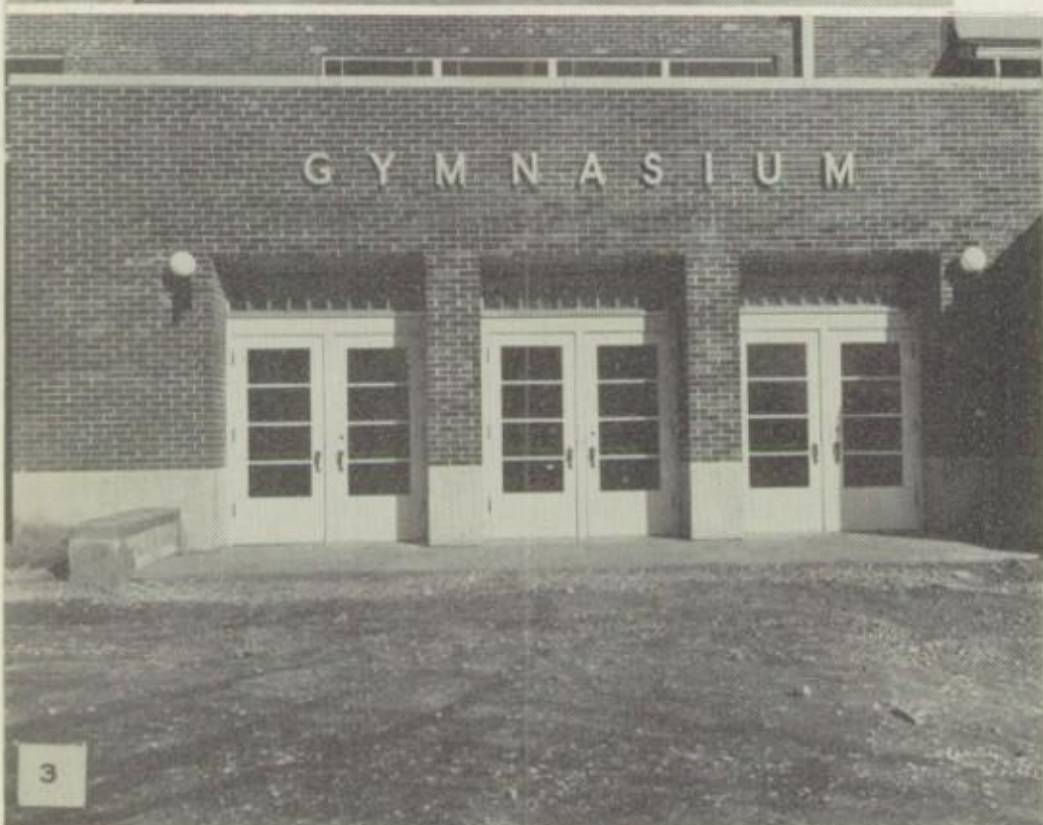

.... the new lobby beginning to take shape where the old drive used to be?

.... the pride we felt when at long last we looked at the front of the new building and read, "Vienna High School"?

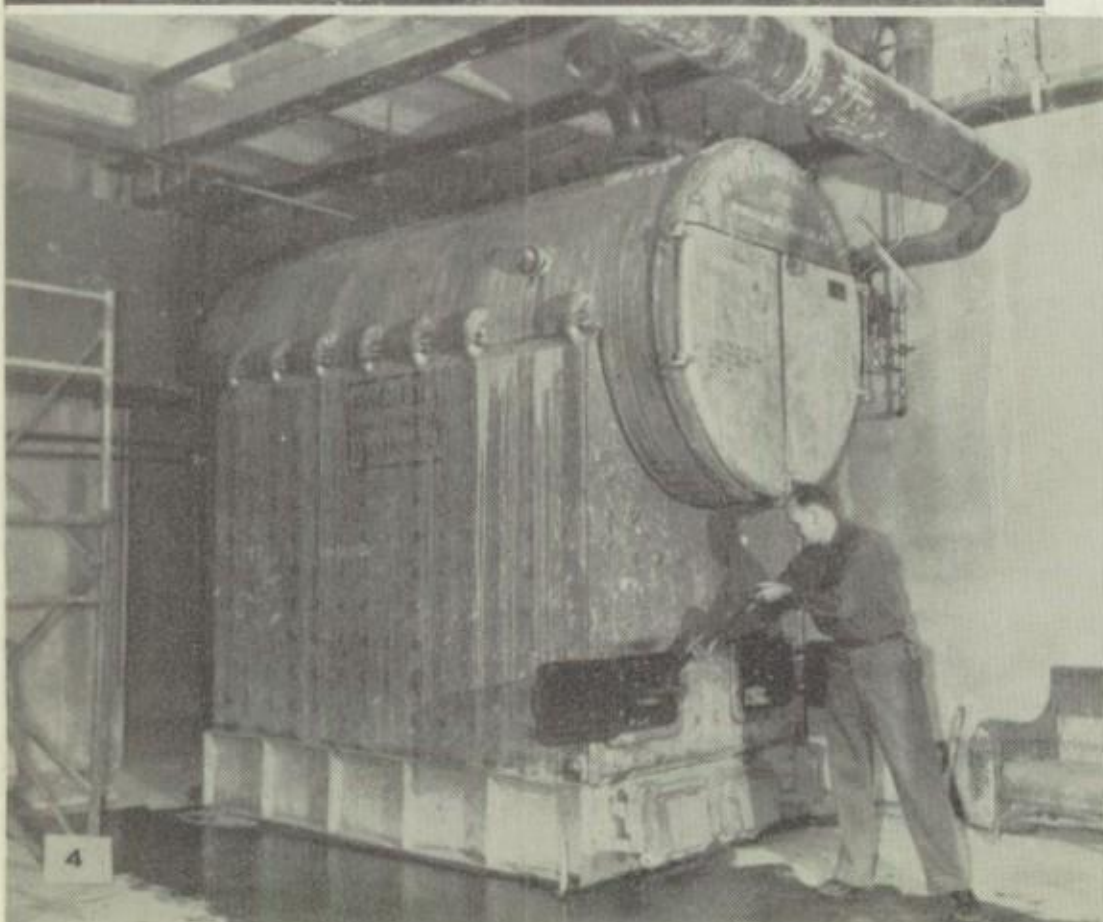

1. One of the individual kitchen units in the new Home Ec. Room.
2. The new commerce department.

THE BUILDING

3. The entrance into the lobby.
4. The new boiler and furnace.
5. The ticket booth in the lobby.

6. "Gibson Hall." The orchestra and chorus practice room.

7. The storage room for the chemistry department.

8. Mr. John Hoop, Superintendent of the Rust Construction Company and Rudy Wolthouse, carpenter foreman.

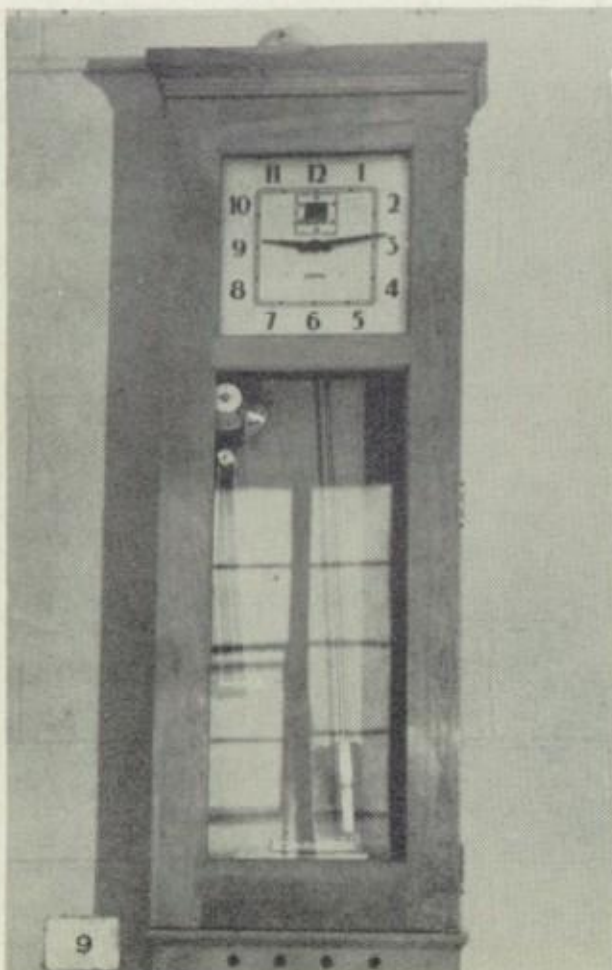

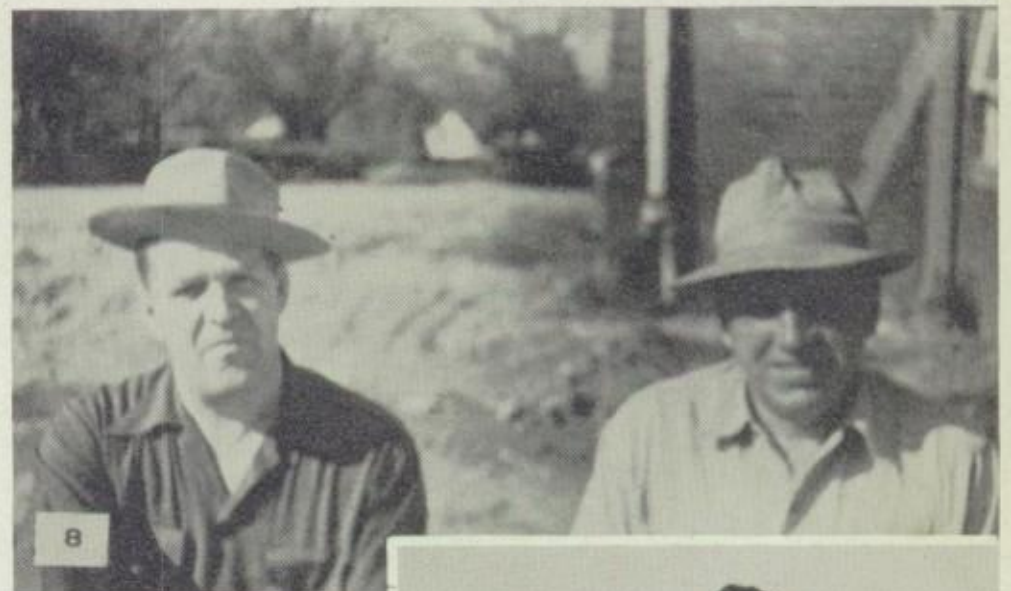

IS COMPLETED

9. The clock in the office. The bells now ring on time.

10. Kindred Hunter, electrician.

11. Mr. Samuel Shoemaker, representative for McCoy Wilson, architects.

2. Jackie Tite and Joan Boner the **"most mischievous"** of the mischievous seniors. Whenever they were around you just naturally looked for tacks in your chair.

3. **"Friendliest"** were Cherry Ann Crews and Lewis Stewart. They always were around to lend a helping hand and a smile to all their classmates of V.H.S.

FOR US THE NEW BUILDING
 IS THE FULFILLMENT OF A
 FOUR-YEAR DREAM.

During the entire four years which the Class of '50 worked and played at Vienna High School "the new building" cast a shadow of excitement and expectation over almost every important activity. Though the old building was crowded and uncomfortable, though students sat in double seats in the study halls and there was no place to put books or hang coats they assured each other that in a little while there would be an end to the inconveniences. But inconveniences did not stifle the ambition or abilities of the class. Outstanding in sports, they made up the majority of one of the school's most successful first ten in basketball. Their prom, held because of construction then in progress, off campus for

the first time in years, was nevertheless successful and well-attended. Their Junior and Senior plays brought to life the unforgettable "Inner Willy". But their last year was made memorable by the fact that during that "the new building" became an actuality and the four-year dream was fulfilled.

1. The decoration committee for the '49 prom: J. George, J. Rushing, G. Roberts, M. Grant, H. Huckleberry, G. Hickom, C. Yandell.
2. The typical seniors, M. Grant, R. Webb, J. Hogshead, A. Hunsaker, at their typical pastime—loafing.
3. Roy "Jim Hogshead" Rogers and pony "Nancy".
4. Behind the disguise it's really Dean Nicholson.
5. Mary Ann Caraker and Ramon Webb.
6. Ettie Belle Potts "enjoying" Latin.

WE ARE GLAD WE HAVE A YEAR LEFT
 TO ENJOY THE NEW BUILDING ADVANTAGES.

The Junior Class, as is the way with all Junior Classes, this year looks forward rather than back. Behind them are three years of enthusiastic effort—a satisfactory record in sports, a difficult and "different" class play successfully presented, a highly enjoyable prom and picnic. They, too, have suffered the difficulties and inconveniences of the new building's construction but for them the coming year holds the possibilities of many new and more satisfying activities.

They look forward to using the library which next year will be functioning smoothly in its new location. The cafeteria and science labs, the projection room and new office will all be in use for the first time throughout the year. As a result the Class of '51, though proud of the record set in the years just past, looks forward eagerly to the coming year and all it will hold.

WE SAW THE BUILDING BEGUN AND WATCHED IT RISE

The Sophomores have the distinction of being the largest class in school. As Freshmen they bore up bravely under the tribulations of entering high school in the shadow of concrete mixers and bull-dozers. For them this year has seemed tame enough compared with the excitements and uncertainties of their first year but they are looking forward to the responsibilities and honors of their Junior year which is now just over the horizon.

BRAND NEW STUDENTS FOR A BRAND NEW BUILDING

The Freshmen of '49-'50 will be the first class to take for granted the advantages of individual lockers, adequate rest rooms and science facilities, roomy halls and uncrowded class rooms. Though not as large a class as last year's they have eagerly taken their place in school activities—electing their cheer-leaders, doing their part in athletics and more than holding their own scholastically with the other classes.

ATHLETICS

SOFTBALL SEASON WAS BRIEF BUT SATISFACTORY

The VHS softball season was a successful one, even though the schedule was abbreviated. The schedule showed three contests with two resulting in victories.

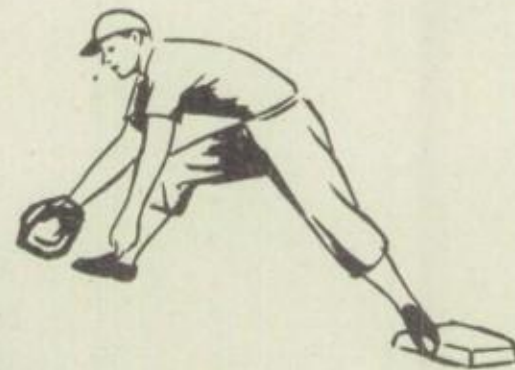

The Eagles opened the season at Karnak. The Raiders had beaten the Eagles twice before and Vienna was determined to avenge those losses. But a fighting Eagle crew went down to defeat by the narrow margin of 7-6.

The second game was with Mounds City at the Fairgrounds, and the Birds put on a great rally in the final two innings to pull the contest out of the fire and emerge victorious by a 10-7 score.

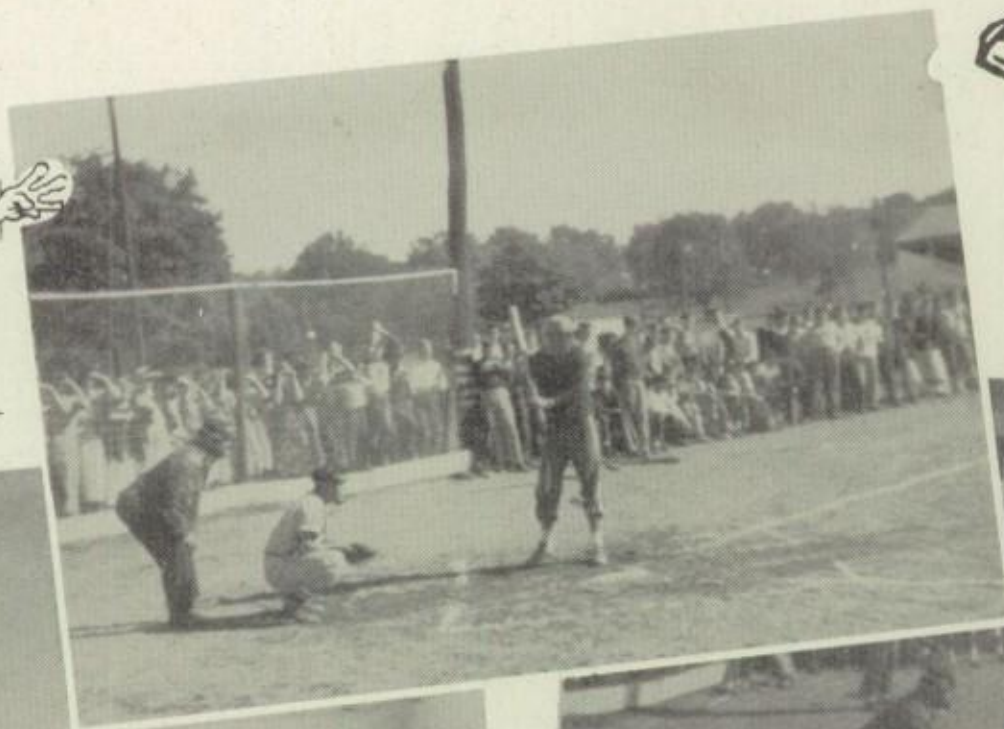

The final game of the year was played on a Friday afternoon at the Fairgrounds with Karnak. Before the entire student body the Eagles "showed the stuff," and slaughtered the Raiders 14-4 to more than get even for their opening game loss to the Raiders.

TRACK GROWS IN POPULARITY EVERY SEASON

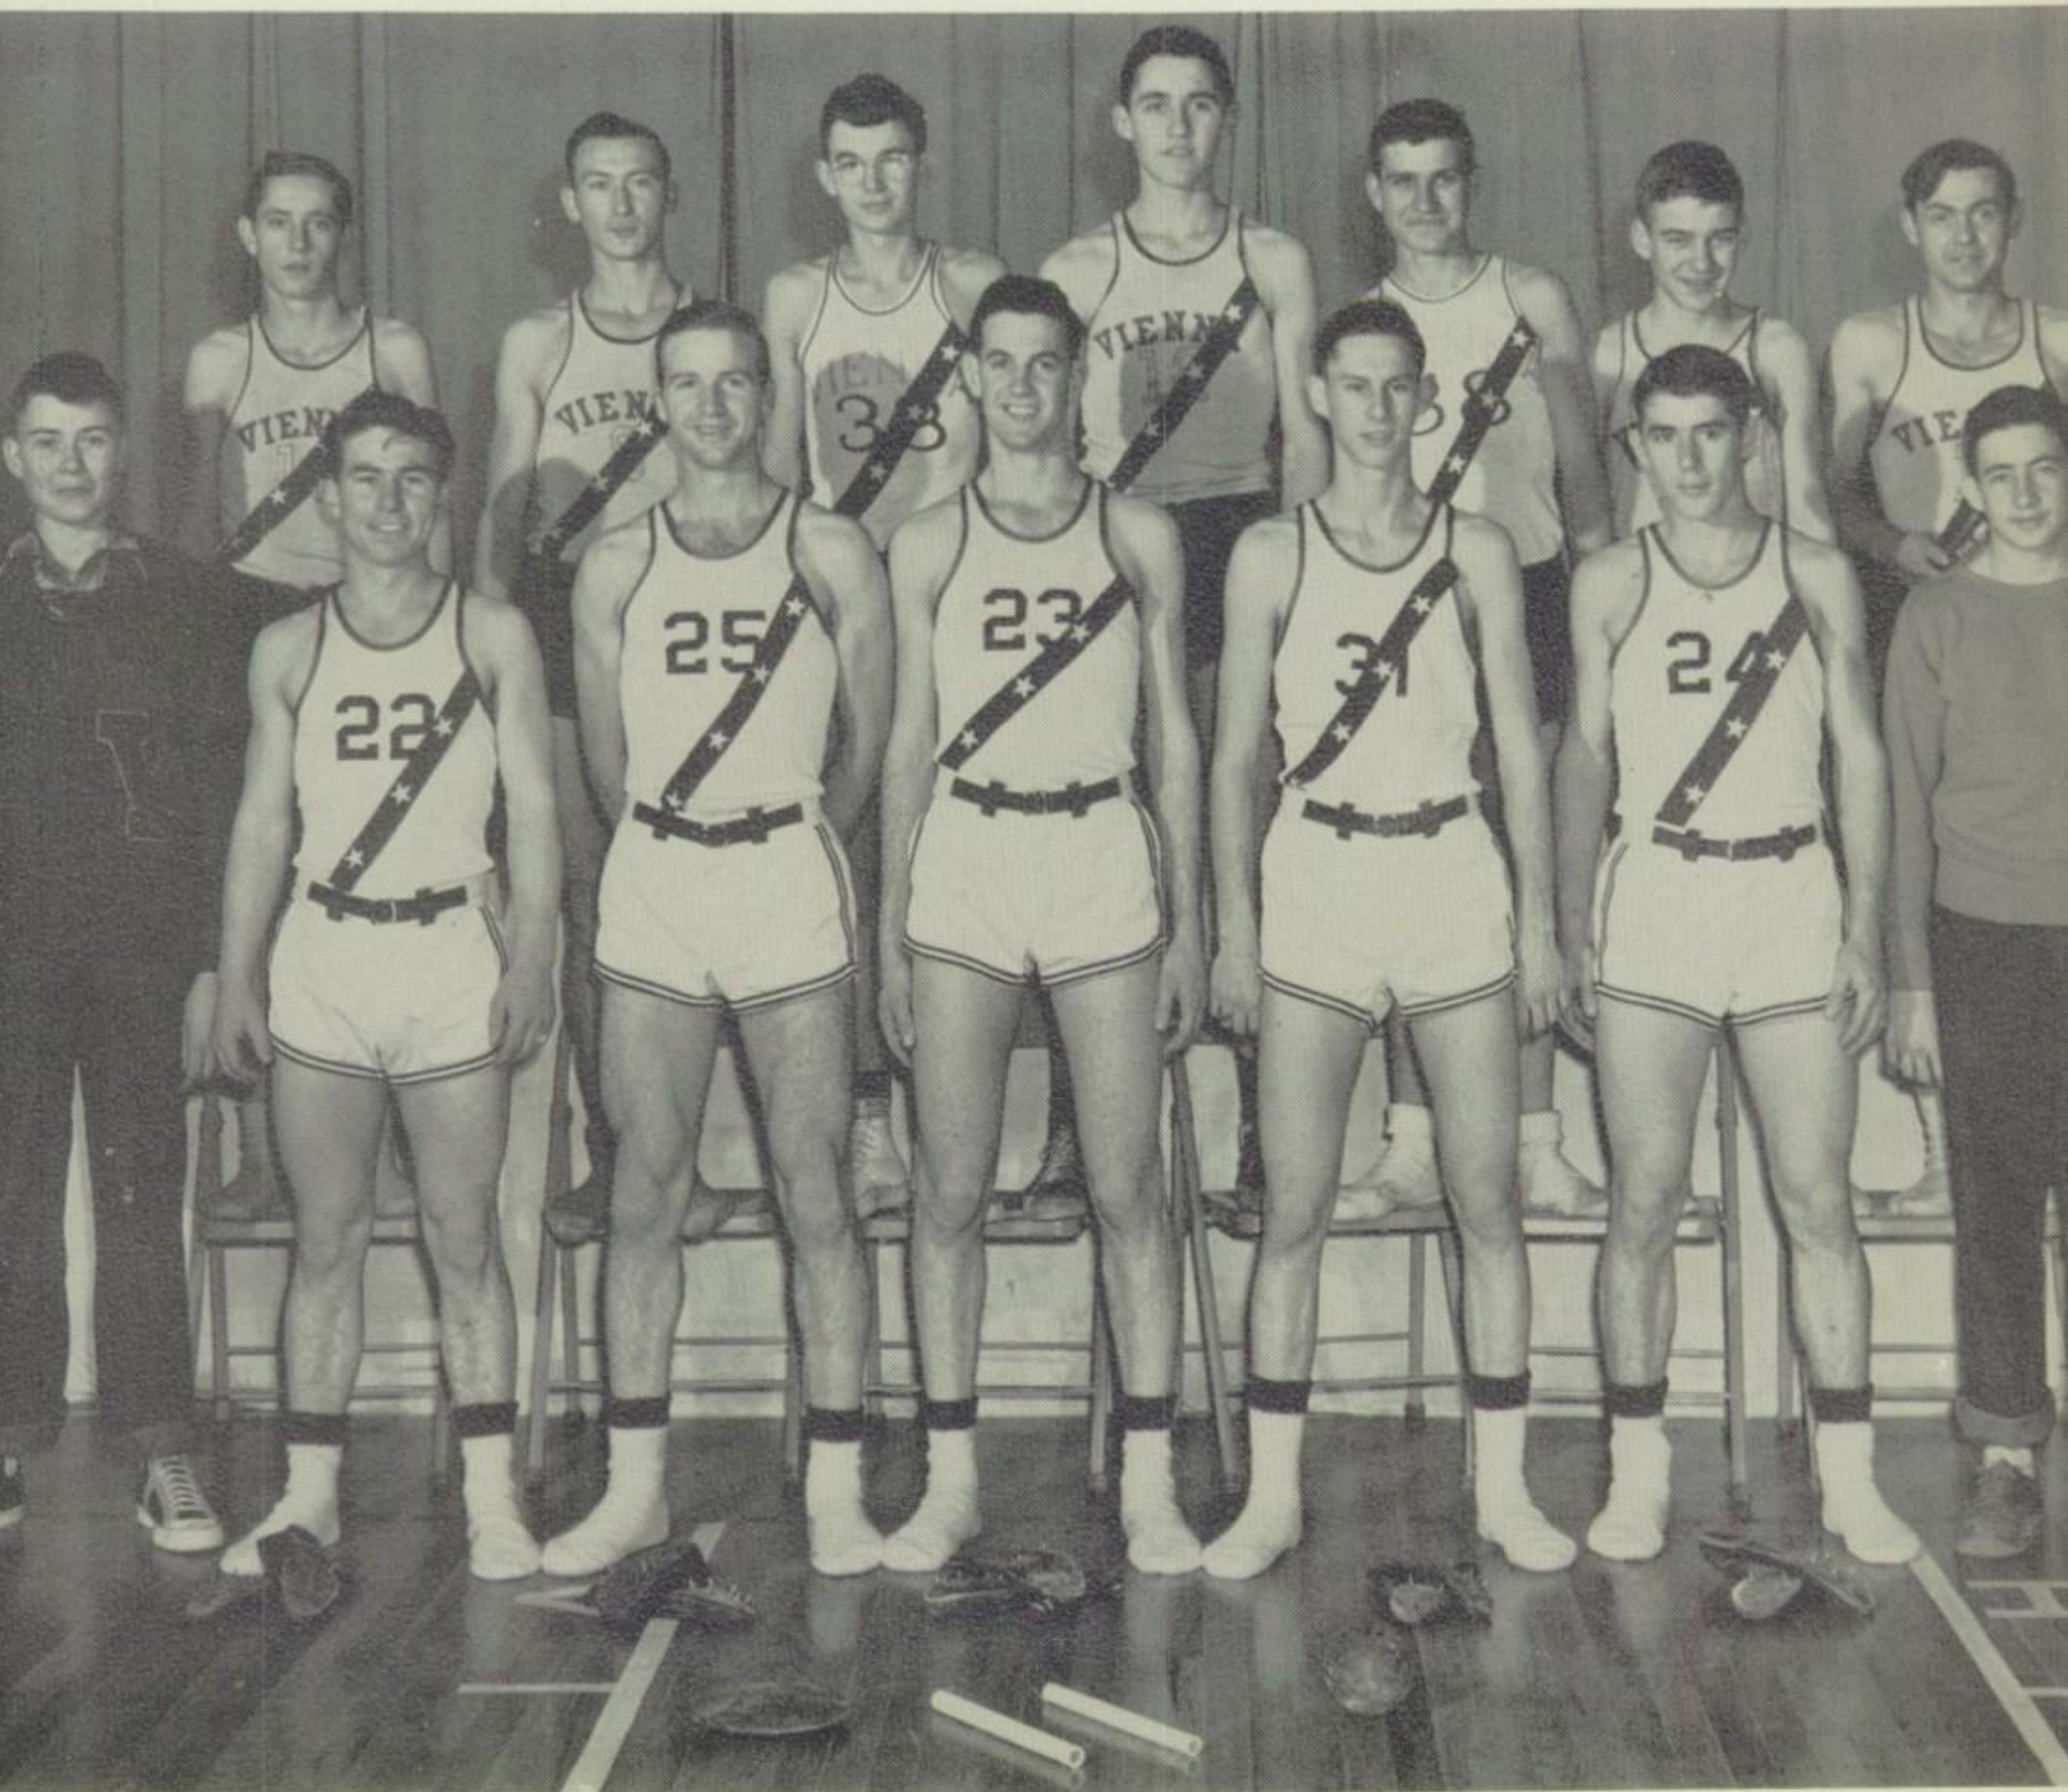

The '49 track season opened with the intramural meet. A large number of lettermen returned from the previous year, and along with several newcomers helped bolster the hopes of a successful year. The veterans showed remarkable improvements as did the newcomers to the squad.

The entire school was allowed to participate in the intramural meet if they so desired. This would tell who was best qualified for regular season play. Then an invitational meet was held at the Fairgrounds for several schools coming to try to

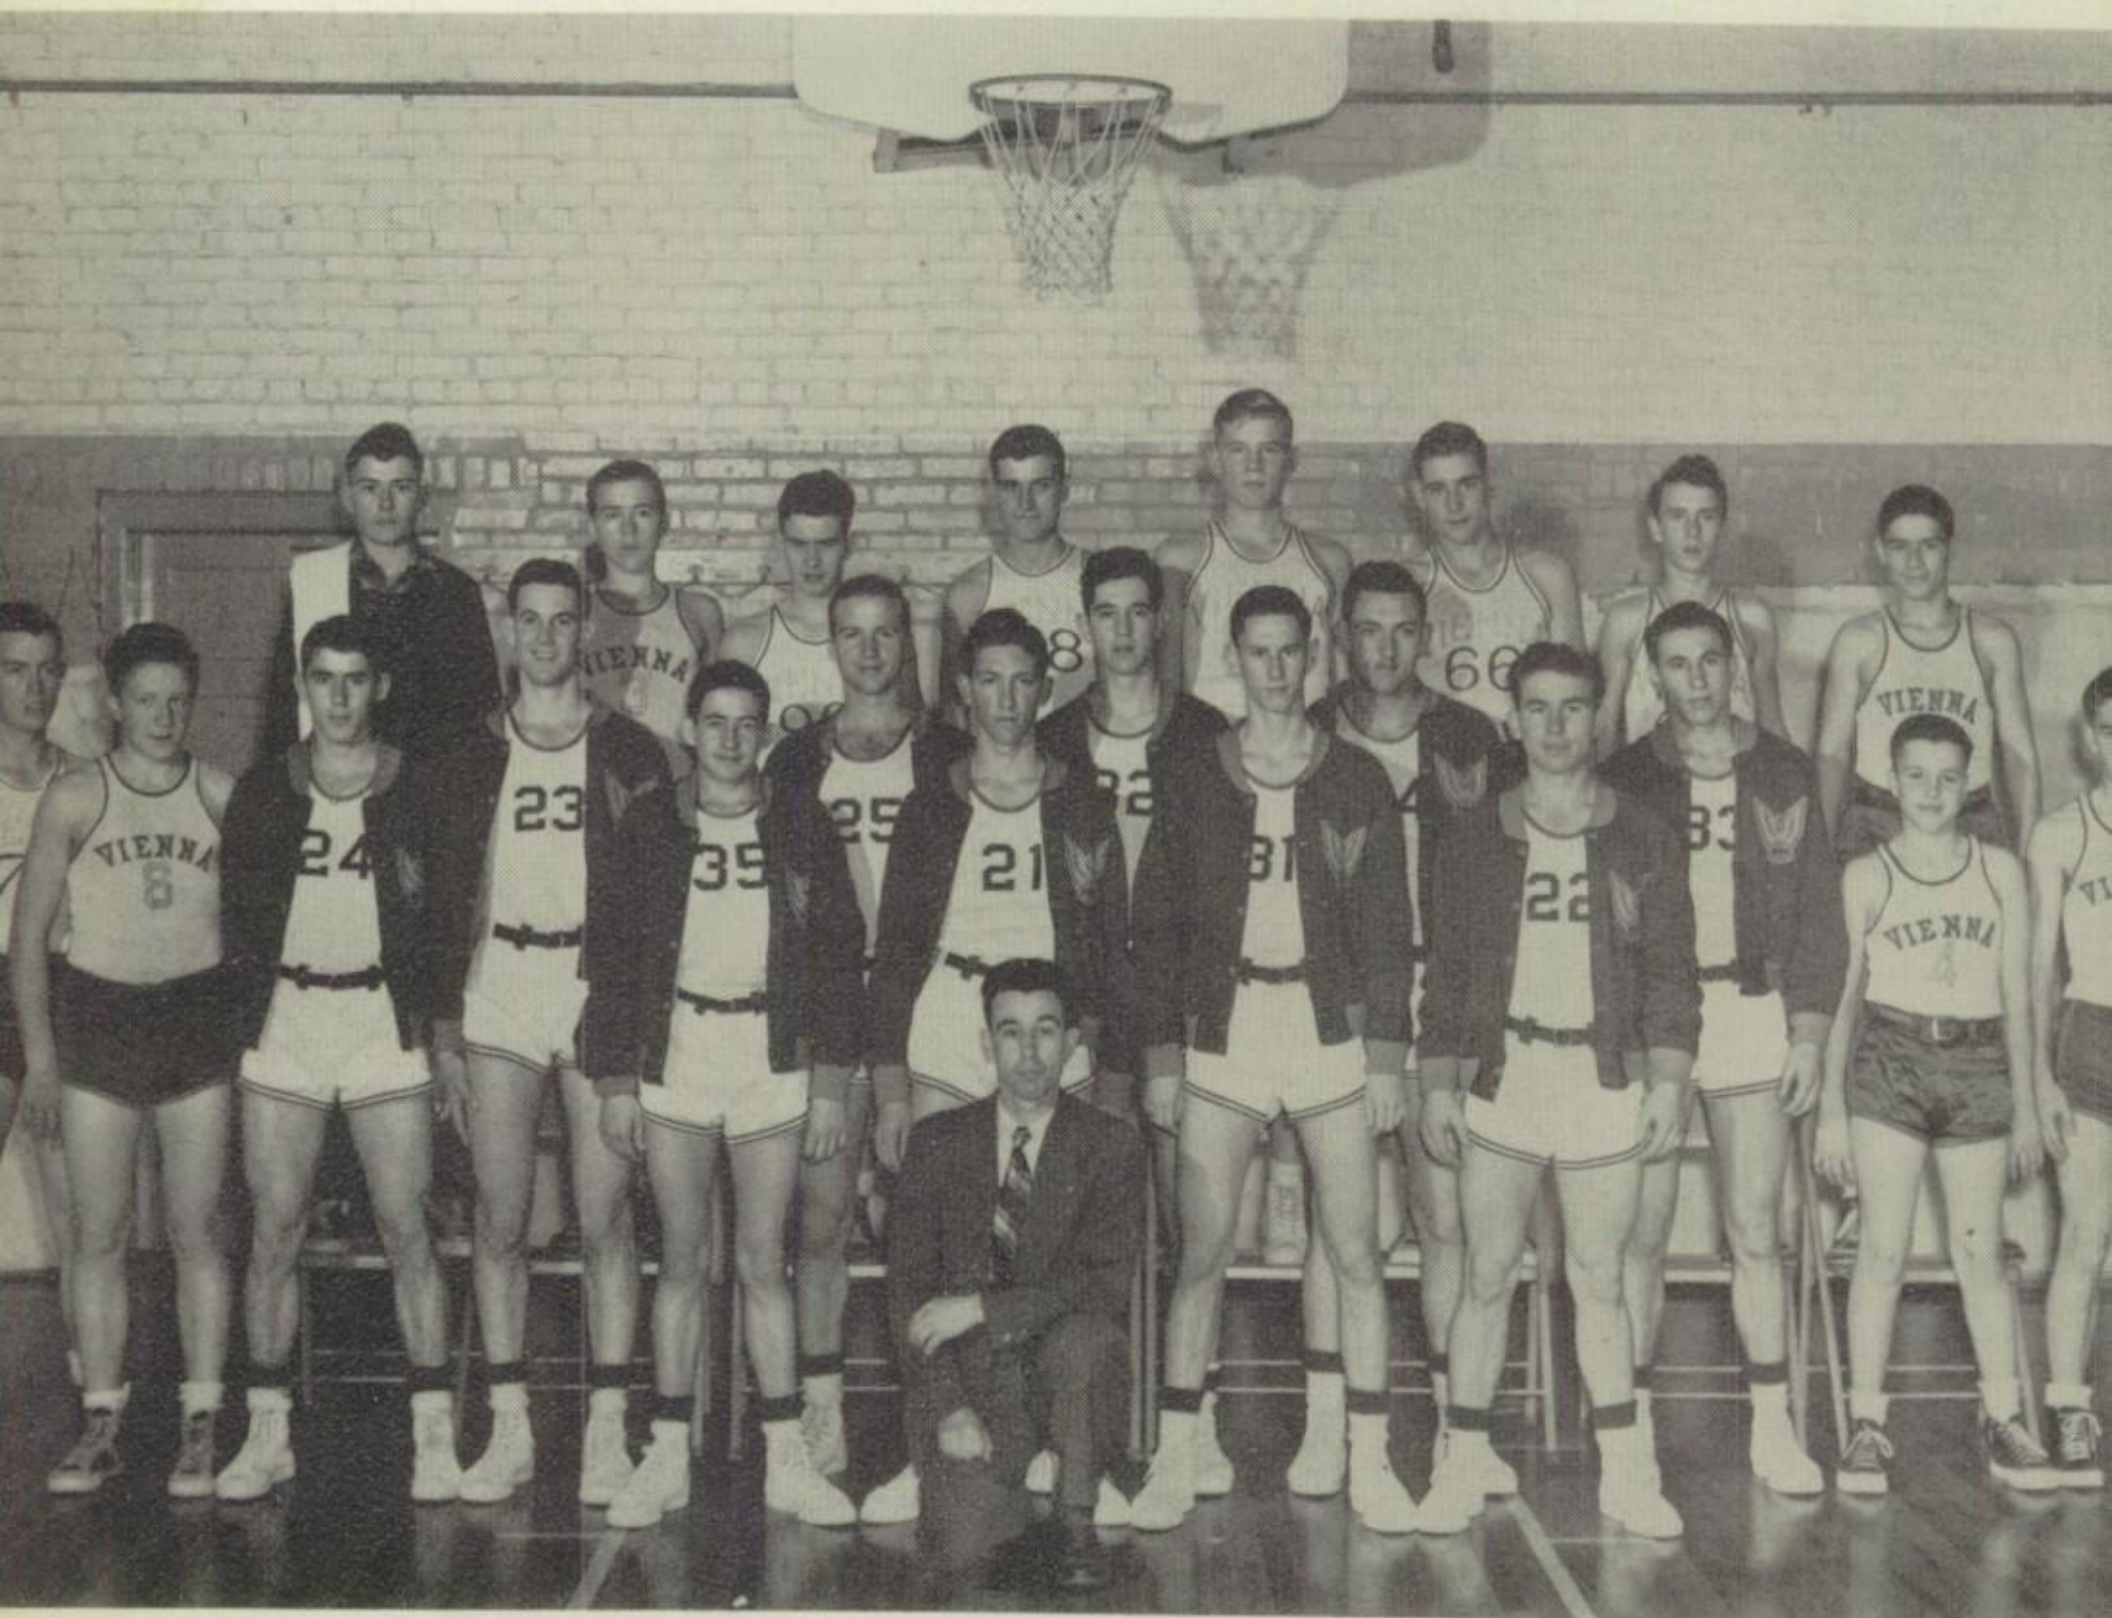

take home first place honors. However, Vienna walked away with first place and their third consecutive Invitational meet victory. They also won two meets from other schools. Then at the end of the season they journeyed to West Frankfort to compete in the District meet. But they failed to place a winner in any of the events.

Hopes are high for another good track team in '50, because highly-touted lettermen will return for another season.

L. to R., FIRST ROW: Wiley Mathis, Clifton Dunn, Ramon Webb, Jim Hogshead, Lewis Stewart, Joe McHenry, Hillman McIntire. SECOND ROW: Jack Brown, Jack Gray, George Gray, George Mullinax, Carl Mount, James Faulkner, Bob Fowler, Don Bundren.

EAGLES FLY HIGH AGAIN

Glenn Jones (coach); FIRST ROW: Hillman McIntire, David Boyd, Lewis Stewart, Clifton Dunn. SECOND ROW: Thomas Watson, Billy Stoner, Joe McHenry, Jim Hogshead, Ramon Webb, Tom Hogshead, Val Flora, Don Flannigan, Clifford Bradshaw, Bennie Russell. THIRD ROW: Wiley Mathis (manager), Ronald Webb, Jimmy Test, James Faulkner, James Bell, Bob Plunkett, Kenneth Brown, Carl Davidson.

The high-flying Eagles from Vienna High gave VHS another powerhouse this year, as they possessed an enviable record. The Eagles, with 7 lettermen back, captured their first four contests before bowing to Cave-in-Rock. The Eagles then played a terrific game at Marion for three quarters, before succumbing to a Wildcat rally in the final quarter. The final score was 55-48. Another tough foe for the Birds was Murphysboro. After playing a stellar first half, Vienna fell apart and was beaten 70-46.

One of the highlights of the season was the mid-year

conference tourney which was held at Vienna. The Eagles downed Rosiclare 53-40 in opening round play and then tripped mighty Cave-in-Rock 64-51. This set the stage for a Vienna-Carrier Mills championship tilt. Before an overflow crowd the Eagles fell victims to the hard-fighting Wildcats and were beaten 56-45. This loss deprived Vienna of their third consecutive tournament championship.

The Eagles went to the Metropolis Regional as favorites for the third consecutive year, but once more they were upset in the final game by Cave-in-Rock 44-41.

This year, as last year, the intramural sports received the interest of many students during the noon hour. The boys had basketball teams from each bus and one consisted of boys who didn't ride buses.

The girls teams were composed of the five P.E. classes. They played volley ball as well as basketball. Students not interested in organized competition could try their hands at shuffle board and ping-pong in the lobby.

The flower girls, Linda Shetler and Kindra Ann Hunter. The crown bearer, Russie Riepe.

For the second consecutive year the mystery of who was Vienna's basketball queen was the sub-

ject foremost in the mind of the VHS student body. This year no one could be sure of the queen's identity until the night of the crowning. The four Senior candidates chose able managers this year when Mary Grant chose George Mullinax, Mary Ann Caraker asked Ramon Webb, Cherry Ann Crews picked Dean Nicholson and Helen Huckleberry chose Joe McHenry. The "new building" offered the managers lots of hall space to hang posters and do a little "campaigning." Finally on the week before the election, as a climax to the campaigning, each manager put on an assembly to try to convince the students that his candidate was just a little prettier.

ANOTHER MYSTERY QUEEN IS CROWNED

At last the night arrived. On Nov. 18 as the house lights dimmed and colored lights were cast on the throne, the orchestra struck up "Pomp and Circumstance." The cheerleaders and basketball squad were the first to march in. Bonnie Flora acted as Mistress of Ceremonies and introduced each person as he appeared. The attendants and their escorts entered next followed by the flower girls. Then the Queen, Cherry Ann Crews, appeared on the arm of her escort, Dean Nicholson amid the applause of the audience. The crown bearer, little Russie Riepe, was last of the procession. When she was seated, Lewis Stewart came forward and crowned Queen Cherry Ann with a circlet of red carnations. Jim Hogshead then presented her with a gold locket as a gift of the squad. After the recessional the court withdrew to their reserved seats above the crowd. Cherry Ann then tossed the ball to start the game which ended in a 75-26 victory for Vienna over Karnak. The evening was climaxed by a public dance sponsored by the P. E. Club.

What with the Style and Art Show

On April 6, members of the home economics and art classes presented a combined show. Work of the art classes was on exhibit in the gym and home ec girls (and boys) modeled the year's sewing projects.

... and the Kite Contest

On April 19 a fine stiff breeze brought out twelve contestants with their kites. Paul Turner, freshman, won the prize for the largest kite flown. His kite was twelve feet long and seven feet wide. Joe Dean Goddard, also a freshman, won the prize for the most novel kite while James Annable, sophomore, and James Mathis freshman, shared in the prize for the highest flying kite. Clifford Bradshaw, freshman, had the smallest kite and Don Myers and Bobby Plunkett, both sophomores, won in the box kite division.

The kite made by the art classes was not a prize winner but it was certainly unusual in appearance.

A South American Theme and a Band Made the Prom Memorable

The Dorse Taber Band provided sparkle for the 1950 Prom on the night of May 12. A South-of-the-Border theme made a gay background for the evening's festivities which included besides dancing beneath the

colorful paper ceiling, intermission numbers by Margaret Racey, Barbara Rose, Bonnie Flora and Gloria Keltner. Surilda Hundley was mistress of ceremonies.

1. Girls will gossip even at a dance.

Baseball Was a Spring Sport This Year

Baseball was introduced into the V. H. S. spring sport picture for the first time in several years. The final standing of the team showed only one win as compared to two defeats, but weather conditions were

a determining factor as well as an abbreviated schedule. The only win came in the opening game with Galatia, and the two losses were suffered at the hands of Carrier Mills.

Track Had Its Followers, too

Four meets appeared on this year's VHS track schedule and the final outcome was two wins and two setbacks. Cairo Anna-Jonesboro and Metropolis were

the three schools with whom the Eagles competed and all were "soft touches" except Cairo's strong Pilots.

... and When it Rained There Was Ping Pong

1950 was also the initial year for ping-pong and the indoor sport made a "big hit" with the students the first time the tables were placed in the lobby.

An intramural tournament was played in March with Tom Hogshead, junior, winning the trophy in the singles bracket, while Perry Mathis, junior and Lewis Stewart, senior, copped the first place award in the doubles department.

Picnics and Fun

The class picnics are always a high point of the last weeks of school. This year the seniors spent May 12 at Lake Glendale. On May 29 the other three classes scattered in all directions for a day of fun; the juniors going to Glendale also, the sophomores to Paducah and the freshmen to Giant City Park. Sunburn and chiggers were enjoyed by all.

1. Rhodene, Helen and Mary Ann relish refreshments at the Senior Picnic.
2. Boats were in demand at Glendale on May 12.
3. Val Gene Flora drinks his fifth coke.
4. Lewis Stewart does a balancing act while Joan Boner and Bob Wilyard hope for the best.

MEET THE GUYS AND GALS IN PUBLICATIONS

During the eighth hour in Room 4 the "Vi-Hi Opinion," Vienna High School's weekly mimeographed newspaper, struggles into being amid the clatter of typewriters and muffled cries for the correction fluid. At the same time the year book, "The Illianna," also takes shape week by week. The class which is responsible for both the newspaper and year book is the Publications Class under the direction of Mrs. Stanley Veach. Financing of the "Illianna" by sale of advertising and refreshments at all home ball games is another activity of the group.

YOUTH FOR CHRIST

Every Wednesday during the noon hour serious students gather for the inspirational meeting of Youth for Christ. Jim Corbitt, as President and Mary Grant, as Vice-President, led the group this year. Becky Murrie was secretary and treasurer. Louise Ailes served as song leader. Catherine Yandell assisted as pianist. Faculty sponsors were Miss Mamie Rexer and Miss Betty McClellan.

A large and attentive YFC audience listens to President Jim Corbitt's talk.

NEW BUILDING . . . ANCIENT LANGUAGE

The Latin Club is an organization consisting of anyone who has had at least one year of Latin. This year's Latin Club has a membership of approximately 40 members.

1. Latin Club Officers: (Left to right) Secretary and Treasurer, Barbara Rose; President, Becky Jane Murrie; Vice-President Cherry Ann Crews.

2. Four of the Latin I students on Initiation Day. In an assembly program the Latin II initiated Latin I students in front of the entire school. The program consisted of a skit called "Twenty Questions" and the initiations.

3. The pledges in the initiation of the Latin I students. They were required to wear togas, sandals, and their arms were in paper chains.

4. Latin II students and teachers reading a Latin magazine, "The Auxilium Latino."

FUTURE FARMERS ARE BUSY PEOPLE

There's more to farming than following a plow or even riding a tractor. Future Farmers of America will tell you. F.F.A.'ers combine the fun of hay-rides, and parties with the serious business of stock and poultry projects. A check-room for the convenience of patrons at ball games was a new all club project this year.

1. The F.F.A. duties include more than classroom work. Here the "cleanup" squad is shown at work on the campus.
2. The "Green Hands" for '49-50 dressed for initiation.
3. "Green Hand" Ramon Webb ties old member Bob Harper's shoes during initiation.

1ST ROW: Left to Right: Miss Jackie Harris, Norma Carlton, Gloria Dawes, Bonnie Rainbolt, Roma Ross, Foan Melvin, Mary Choat, Bonnie Flora. 2ND ROW: Jo Ann Shoemaker, Betty Wallace, Ludean Shoemaker, Jo Ann Boner, Helen Sanders, Delores Teal, Edna Hester, Frances Watson, Ruth Wood, Betty Stanley. 3RD ROW: Flora Jo Crenshaw, Barbara Racey, Deloras

HOMEMAKING'S GLAMOUROUS NOW

Future Homemakers of America at Vienna High School have, as their base of operations this year, one of the most completely furnished and carefully planned home economics rooms in Southern Illinois. One side of the long, well-lighted room has a series of unit kitchens each of which will eventually be equipped with an electric stove as well as the present sink, green linoleum-covered drain and splash boards and built-in, natural-finished storage facilities. A large central preparation center supplements the unit kitchens. Sewing facilities are equally complete and well-planned including individual work-storage drawers, triple fitting mirror and adequate hanging space for completed work.

F.F.A. members this year had a more than usually hilarious initiation week; sold sandwiches two days a week to provide funds for their activities and completed and entered for competition a very attractive scrap book of their year's work.

Cooking's fun in one of the new unit kitchens. (Below Right) Startling to say the least were the costumes worn by new members on Topsy-Turvy Day. (Above and Left.)

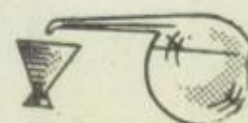

FRONT ROW: Catherine Yandell, Norma Davidson, Norma Jean Allbritten, Ann Hunsaker, Mary Ann Caraker, Helen Huckleberry. SECOND ROW: Ruth Hook, Mary Lee Locke, Rhodene Taylor, Ettie Belle Potts, Louise Ailes, Hazel Rodgers, Roma Ross. STANDING: Miss Betty McClellan, George Mullinax, Gordon Brewer, Joe George, Bob Willyard, David Bellamy, Jimmy Worrell, Olen Myers, Jim Hogshead, Ramon Webb.

BEAKERS, TEST TUBES AND H_2O

Test tubes cost 10c. That's what the chemistry students discovered after 6 months research. The result—more careful chemistry students since they had to pay for their own breakage. The Chemistry Club is one of the year's new organizations. Carefully planned programs highlight each meeting. Among the exhibitions presented this year were the chain reaction of atoms in the atomic bomb and the effects of ultra violet light.

JUNIORS SCORE SUCCESS IN "GHOST WANTED"

Left to Right: Margaret Racey, Madam Zolga; Norma Davidson, Prompter; Virgil Dunn, The Monster; Ray Hester, Stage Manager; Freddie Harper, Hugo; Jim Corbitt, Jeff; Tom Hogshead, Hatcher; Frank Nutty, Professor; Hilman McIntyre, Bradshaw; Sur-

ilda Hundley, Nora Vane; Jimmy Worrell, Stage Manager; La Dora Deaton, Troddy; Bonnie Rainbolt, Prompter; Barbara Rose, Ginger; Jackie Williams, Gale; Ann Simmons, Azalea; Gloria Keltner, Grannie Kate.

Ann, I'll always be out at I class and the new old Jr. play. What you! Best of luck to you and all the rest of your life!
Love, Margaret Racey

A lonely island, a sinister professor, an imitation ghost and a genuine monster were only a few of the ingredients which made "Ghost Wanted" entertaining and very different from the Junior plays of previous years.

"The Monster" in one of the more exciting moments of the play.

THE INNER WILLY RETURNS

Last year's Junior Play, "The Inner Willy" by Bettye Knapp, introduced to Vienna High School audiences the irrespressible semi-invisible conscience of poor, hen-pecked Willoughby Adams. Both cast and audience enjoyed the play so much that, as Seniors, the class decided to present "The Brain Storm", a sequel to last year's play. "Inner Willy" was again played by George Mullinax and "Willoughby" by David Bellamy. All other parts were taken as nearly as possible by the students who created them in "The Inner Willy." There were a great many new faces, however, as "The Brain Storm" boasted one of the largest casts of any play produced at Vienna High School in recent years.

FRONT ROW, left to right: Ann Hunsaker, Ruth Hook, Gloria Dawes, Rhodene Taylor, Mary Ann Caraker, Norma Carlton, Jo Ann Shoemaker, Ludean Shoemaker. SECOND ROW: Dean Nicholson, Louise Ailes, Helen Huckleberry, Bernard Davis, Georgene Roberts, Joan Melvin, George Mullinax. THIRD ROW: Don Bundren, Harold Gray, Joe McHenry, Lewis Stewart, Bob Willvard, Norman Jones, David Bellamy, Bob Taylor. NOT PICTURED: Harold Gray, Dean Nicholson.

George Mullinax as "The Inner Willy" complete with red suspenders and matching hat.

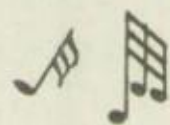

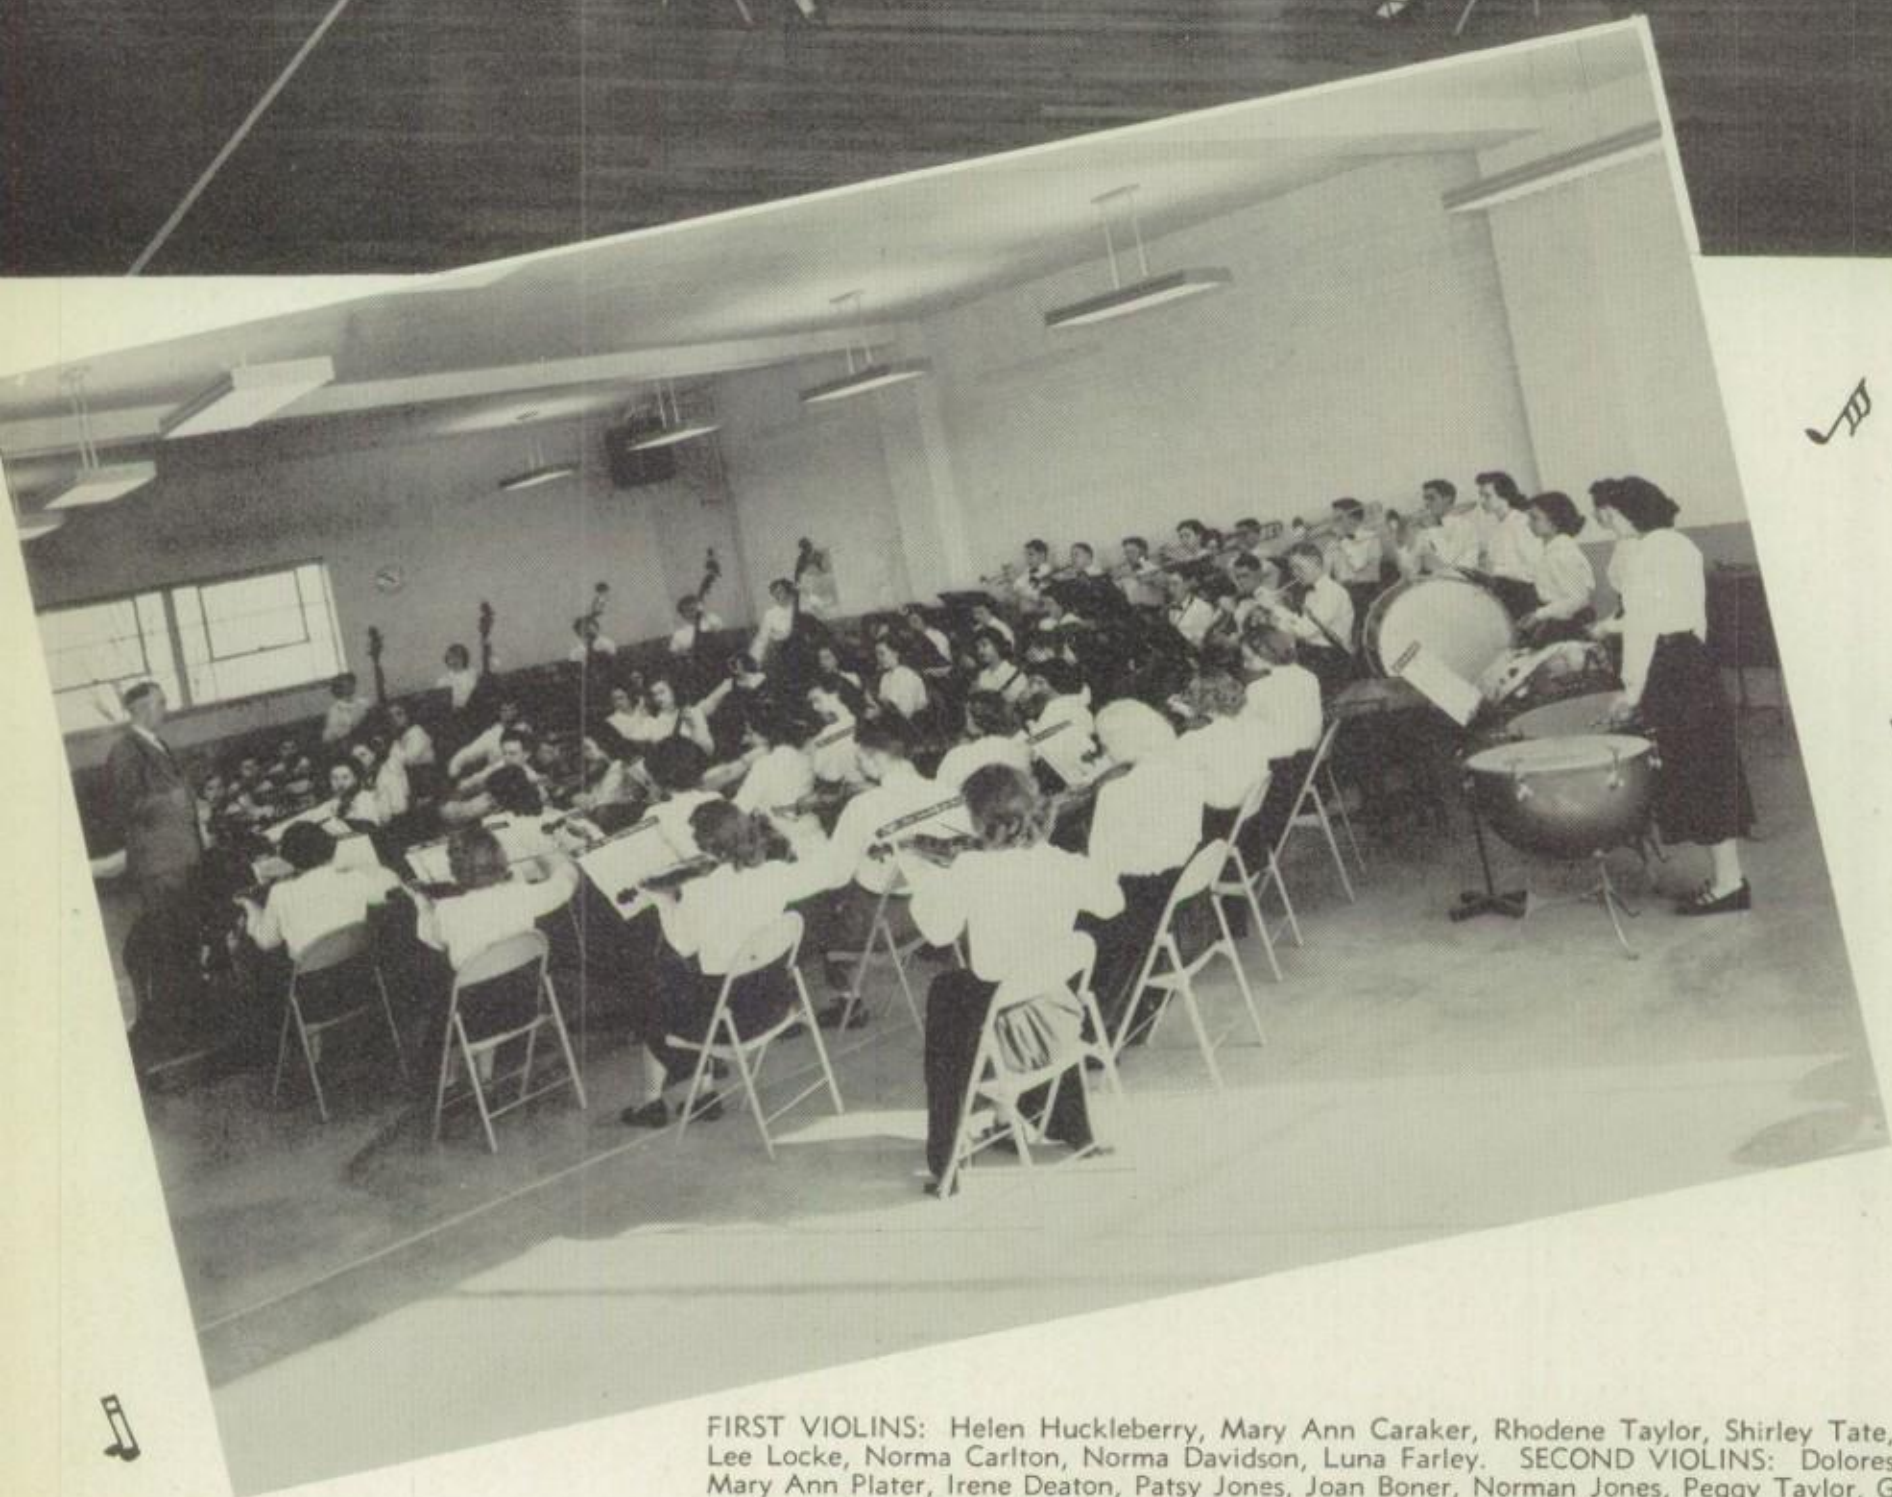

OUR 20th ANNUAL CONCERT

Vienna High School's twentieth annual concert was presented April 15, 1949, in the gymnasium. As usual it was one of the real highlights of the year. When the curtains parted and the orchestra struck up the first chords of the "Light Cavalry Overture," the entire audience knew that once again the Music Department had "done itself proud."

FIRST VIOLINS: Helen Huckleberry, Mary Ann Caraker, Rhodene Taylor, Shirley Tate, Mary Lee Locke, Norma Carlton, Norma Davidson, Luna Farley. SECOND VIOLINS: Dolores Teal, Mary Ann Plater, Irene Deaton, Patsy Jones, Joan Boner, Norman Jones, Peggy Taylor, Georgia Dixon, Majorie Moore, Vernell Williams, Surilda Hundley, Bettv Dell. ALL EAGLES DON'T SCREAM ... THESE CAN SING AND PLAY THE FIDDLE..

One of the best features of the new building is the large, bright, cheerful, music department over the lobby which the students refer to as "Gibson Hall." Besides the fact that the orchestra members now have plenty of room to fiddle and blow their horns, there are three roomy soundproof practice rooms. Everyone has a safe place to put his instrument and Mr. Gibson has plenty of room for music. The chorus also appreciates the value of the adequate space in the new practice room.

VIENNA'S GIRLS TRIO—Mary Grant, First Alto; Luna Farley, Second Alto; Louise Ailes, Soprano.

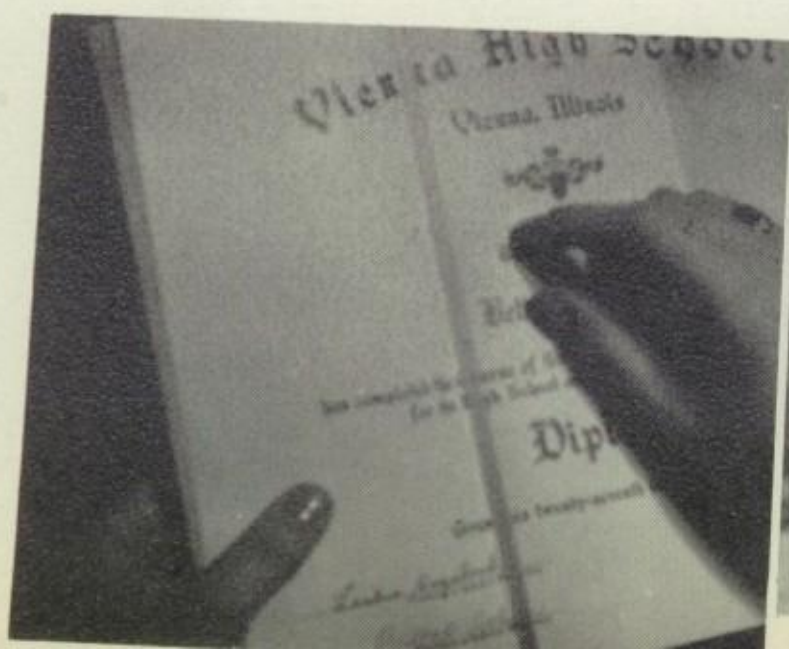

1. The favorite after school pastime — drinking cokes at Throgmorton's.
2. Mrs. Reipe and Mrs. Gillespie, the always-helpful office staff.

5. Our new front door is pretty, isn't it?
6. Jimmy Worrells is making good use of the practice booth.
7. Barbara, aren't you too old for dolls?
8. The 1949 Junior picnic at Dixon was a never-to-be-forgotten-day.

WHAT'S NEW IN SCIENCE

—by B. L. McClellan

That pure research is becoming more and more a woman's field was demonstrated this week when Dr. Ann Hunsaker and Miss Hazel Rodgers received national recognition for outstanding contributions to existing knowledge of the control of diseases directly attributable to contact with radio-active materials.

Dr. Joseph George and his eminent assistant, Dr. Robert Willyard, announced recently the completion of four years of research on the function of the wisdom tooth in a democracy.

A method of determining the exact amount of solar heat available for any type of building under widely varying conditions was demonstrated this week by Harold Gray, contractor and builder who has specialized for some eight years in the construction of solar houses. Paul McCuan, architect, who is associated with Mr. Gray, has had much to do with development of the Gray System.

"Scientific American"—April, 1954

Prof. Lewis Stewart, atomic scientist, announced today that after ten years of research he has harnessed atomic energy for the prevention of ingrown toenails.

"THEY SAY—" New York gossip by Gilbert Dalton.

Ruby Simmons opens tonight at the Stork Club playing boogie-woogie in the style of the once popular orchestra leader Dave Bellamy. Dave himself is seen these days around town with Joan Shoemaker, his new singer.

The lovely and much married Elizabeth Taylor has done it again. This time it's Dean Nicholson, millionaire play-boy whose money flows as free as the oil from his Illinois wells.

Madame Emma Rose Hambleton Kerley, well known hair designer, will make a tour of the United States. She will leave Paris early this spring accompanied by her husband, Ronald Kerley, and two secretaries Roma Jean Ross and Rosalee Phelps.

After making their 10th million, Mr. and Mrs. Tommy Henard, the former Mary Lee Locke, are vacationing in Florida with the president.

Playing pocker is usually hard on the pocket-books; but Virgil Anderson and Billy Bell, Texas oil refinery owners found out the hard way. Some two million dollars changed hands during a three-day game.

Glamorous Gloria Dawes married the aging, but still handsome Roy Rogers, Saturday. Gloria explained, "I just can't stay away from Trigger any longer."

The singing stars of "West of Mars", newest hit on Broadway, Mary Grant, Louise Ailes, and Luna Farley, will make a public appearance tour this spring.

There the titles and titles but today yet another title changed hands. Miss Helen Sanders of the Sanders Super-Slurp-Shop was declared "Best Soda-Jerk of the United States." She is surpassed in her skill at the fountain by only one person, Miss Norma Tripp, the former holder of the title who recently gave up her position to establish a large American style soda fountain in Kabul, Afghanistan.

Mrs. Clyne McIntyre, former Norma Carlton, and Mrs. Bill Walker, the former Joan Boner, are planning to appear in the television, "Universal Video." The show is sponsored by Carl Van Mount and Charles Etheridge, owners of the Mountridge Bottling Corporation.

Mrs. Ernest Holmes, wife of General Ernest Holmes, formerly Mary Ann Caraker will join her husband soon at his station in Southern Siberia.
